

WEBSITE ATTACKS ARE UP 62%. CAN YOU WITHSTAND ONE?

AN EXCLUSIVE WEB SECURITY BUNDLE JUST FOR YOU.

Canadian Chamber of Commerce members get an exclusive service bundle to help protect their valuable web properties from two common AND growing Internet attacks – **Domain hijacking and DDoS.**

For 30 years CIRA has been a safe, secure, and trusted source of domains in Canada and is the organization responsible for keeping over 2.5 million of them working with a 100% up time. We are putting our coast-to-coast footprint and international presence to work making your organizations web properties faster and more secure.

**To learn more about how your domain name can be exploited
and the services to help you please contact Sarah at:**
